FIRE PROTECTION

The fire truck is now ready for the installation of the pumping unit and the fire committee is anxious to order this pump just as soon as possible. The finance committee now calls on all those good citizens who have promised donations to turn same into to the Review office or the Bank of Montreal just as soon as possible as the fire hazard is becoming greater each day in the rural sections of North Saanich. In fact a grass fire broke out at Cole Bay on Sunday that necessitated phoning to Victoria for help from the Forestry Department, owing to lack of fire-fighting equipment locally. As explained before, the type of pumping equipment decided on by the local fire committee is the latest model forestry pump as used by the Forestry Department of the Provincial Government. This pump will cost \$725.00, less two percent for cash. The finance committee has practically this amount in sight, if those who have promised various amounts will now be good enough to come through. The committee at this time desires to thank the Deep Cove School Board and the Sidney School Board for donations to this fund.

In connection with the survey and canvass it might be stated that this work has fallen on two or three willing hands to complete, owing to many of those originally slated to act being unable to get time to help. The survey of every home in the district of North Saanich is a great undertaking for just a few, yet the information thus gathered will be very valuable in case of fire. Every home will be surveyed, whether the occupants can contribute towards the purchase of equipment or not, the idea being to protect every home. Keen interest is evinced by all citizens in protection against fire and the finance committee feels certain that by the time the canvass is complete enough money will be available to purchase enough hose to reach all homes from either hydrants, wells or the sea. Donations range from \$5.00 to \$50.00 for the purchase of the needed equipment and many citizens are intimating willingness to subscribe a yearly sum to add new equipment. These promises of annual donations range from \$2.00 to \$25.00. A card system of every home in the district of North Saanich gives the committee the necessary information as to the amount of finance they can expect in adding new equipment from year to year.

In the course of the next two or three days Everett Goddard, J. J. White and Hugh J. McIntyre are making an endeavor to reach the immediate goal of \$1,000 in order to secure the pumping unit and hose without further delay. Citizens who have not yet been canvassed, and who wish to give immediate financial assistance can help a great deal in saving time by phoning any of the above named.

The fire brigade itself has already been organized in nine distinct units, with a captain in charge in each district, and they are awaiting equipment in order to receive instruction, the firechiefs of Victoria and Saanich offering to give talks and demonstrations as soon as we secure the necessary equipment.

WELCOME TO SIDNEY

Just recently the Businessmen's Association, through one of its energetic members, F. N. Wright, has had erected a sign on the archway facing the ferry wharf, reading: "Welcome to Sidney."

Mr. Wright is to be commended in securing this sign and due appreciation is voiced by the members of the Sidney Businessmen's Association for this gift.

THE BOULEVARDS

The boulevards on Beacon Avenue have just been put in first-class condition by workmen, the trees, shrubs and bulbs all receiving due attention. With a nice clean pavement and trim boulevards the town has caused favorable comment from many who regularly pass in and out of Sidney. The trees and shrubs planted under the direction of E. M. Straight, superintendent of the Experimental Station, are doing well, as are also the 1,100 gladioli bulbs given and planted by Arrowsmith & Son.

Credit is due G. A. Cochran, chairman of the Town Planning Committee, and members for the systematic way they are taking care of the boulevards.

GARDEN TEST WINNERS ARE ANNOUNCED

H. L. Ricketts, East Road, is the winner of the "Cottage Garden Contest," sponsored by the North and South Saanich Horticultural Society, thereby being awarded the handsome Saanich Pioneer Challenge Cup for this event and the fine prize of a Planter Jr. Cultivator presented by E. M. Straight of the Dominion Experimental Station.

H. Warren, superintendent of the Victoria Parks Board, and Geo. Attwood, also of the same board, made two judgments, with 100 marks possible for each, and awarded points to the entrants as follows:

First — H. L. Ricketts, East Road, 84 points and 86 points. Total, 170.

Second — Miss May Williams, Patricia Bay, 56 points and 68 points. Total, 124.

Public Building Construction to Commence Soon

Will Be Built On Original Site Purchased By Government 23 Years Ago — Grant Made For Repairs To Float and Shed at Roberts' Bay — Plans Being Prepared For Needed Float and Repairs at Beacon Avenue Wharf

A delegation from the North Saanich Conservative Association went to Duncan on Saturday to interview C. H. Dickie, M.P., prompted by the many rumors circulating through the district regarding the public building for Sidney. They were definitely assured that the Government at Ottawa was not contemplating either a change of location of the site for the building or deferring its construction to a later date.

An immediate start will be made, following the usual departmental routine, on construction, and will be on the land owned and purchased for the public building by the Government.

They also ascertained that a grant has been made for repairs to the float and shed at Roberts' Bay Wharf and that work will commence at once on same.

Plans are being prepared for the repairs to the Beacon Avenue wharf and for the new float, and Mr. Dickie expects a report of these in the next few days.

Another Endorsement For The "Floral Highway" Between Sidney and Victoria As Advocated By The Review Recently

In previous issues of the Review we have mentioned that the Sidney Businessmen's Association and the North and South Saanich Agricultural Society endorsed the idea of a "Floral Highway" between Sidney and Victoria as outlined in previous editorials. Here is another endorsement:

NORTH SAANICH BOARD OF TRADE
July 15th, 1935.

Hugh John McIntyre, Esq.,
Editor of the
Saanich Peninsula and Gulf Islands Review,
Sidney, B.C.

Dear Mr. McIntyre:—

It is with great pleasure that I endorse your endeavour to make the road to Victoria along the east side of the Saanich Peninsula a Floral Highway.

I am sure that all our citizens will do their bit in this regard, and I cannot think of any single scheme which would promise such a happy result so little trouble.

Not only on this main road but also on all our North Saanich roads, with a little co-operative endeavour along the lines of your suggestion, we can double the scenic value of our district.

Yours very truly,
A. W. HOLLANDS, President,
North Saanich Board of Trade.

In connection with the idea of a Floral Highway the suggestion of a look-out parking area at the top of the Experimental Farm Hill has also been favorably commented upon by a number of citizens. In this particular part of the scheme the Review wonders if our good friend Colonel C. W. Peck, V.C., D.S.O., could be induced to head an active little group to concentrate on this one thing until it is accomplished?

Brewing Industry Benefits Island

Supplies Purchased From Vancouver Island Sources Big Help To Island Payrolls

In a new series of strikingly effective advertisements, the first of which appears in this paper this week, the Victoria-Phoenix Brewing Co. Ltd. stresses the economic importance of patronizing the products of the local brewing industry. The money which is also distributed as wages to brewery workers, for freight handling and transportation, taxes and other local expenditures, is a most important factor in the economic life of the island.

Local beverages produced in the Victoria-Phoenix brewery have clear-cut instance is the support which the Victoria-Phoenix Brewing Co. Ltd. gives to local industry.

It is the only brewery in British Columbia which burns coal exclusively. The printing of brewery labels, wrappers, cartons, the making of barrels, etc., are all purchases which contribute to other Vancouver Island payrolls. DEATHS

W. H. DAWES LAID TO REST

It was with a distinct shock that the residents of Sidney and district learned on Sunday morning last of the sudden passing of Mr. William Henry Dawes of Patricia Bay, a citizen of this community for the last 21 years. Mr. Dawes was seized about 10 days previously with acute abdominal pain and was rushed to Jubilee Hospital for treatment. The immediate symptoms were relieved but later, an attack of bronchial pneumonia developed which ultimately accounted for his demise.

Mr. Dawes was born in Dublin, Ireland, some 64 years ago and lived there until his early youth when he went to London, England, where he was apprenticed to the dry goods business.

Shortly after his marriage, he came to Canada, coming directly to Sidney 21 years ago. He was first employed as manager of the branch store in Sidney of the firm of Seabrook Young of Victoria who carried on a general dry goods business. He remained there until the Sidney store was destroyed by fire. Later he was employed in a similar capacity with the Sidney Trading Co. Ltd. for several years.

For a considerable period he had been the popular representative of the Automobile, Publicity, and Tourists bodies of Victoria, at the ferry landing in Sidney.

He was also an active member of the Sidney Board of Trade and did a great deal to make Sidney widely known throughout the country, working constantly for its development in every good way. He served for some time as secretary of that body as also of the district Liberal organization, of which he was an ardent member.

For some years he had suffered from constitutional weaknesses which have curtailed the activities that ordinarily would have been his. In his passing he leaves to mourn his loss, his widow and four children, two daughters, Margaret and Violet, and two sons, William and Lewis, together with two sisters and three brothers in England.

The funeral service was held at Saint Paul's United Church, Sidney, on Tuesday afternoon, conducted by Rev. Thos. Keyworth, assisted by Rev. Thos. Griffiths, a former minister of the family. The church was filled to capacity by citizens who had been associated with Mr. Dawes throughout the years and respected him very highly. A large number of floral tributes banked the casket and the platform. The remains were laid to rest in Holy Trinity Churchyard, Patricia Bay, the service being conducted jointly by Rev. H. S. Payne and Rev. Thos. Keyworth. The pallbearers included Alex. McDonald, M.L.A., J. J. White, Rev. Thos. Griffiths, Elmer John, E. R. Hall and Hugh J. McIntyre.

By a very happy coincidence it was possible for a life-long friend of both Mr. and Mrs. Dawes, in the person of Mr. Fleming of London, England, who had arrived a day or two previous, and who was booked to leave the following day, to attend the funeral and be with his friends in their trouble.

FUNERAL SERVICE FOR FORMER SIDNEY YOUTH

A very impressive funeral service was held at 3:30 on Thursday afternoon at Saint Paul's United Church when last rites were held for Chester Patrick Clanton, aged 23 years, who passed away at Tranquille on July 15th. Hymns sung were "Safe in the Arms of Jesus" and "Abide With Me." Rev. Thos. Keyworth officiated and the many and beautiful floral tributes which covered the casket were tokens of the esteem in which the youth was held.

The remains were laid to rest in Holy Trinity Churchyard, Patricia Bay, Rev. H. S. Payne officiating and the following acting as pallbearers: Dudley Harvey, Stanley Coward, Marvin Eckert, Ernest Jackson, Roy Pearson and Bert Bowcott.

FORMER RESIDENT PASSES

Mrs. Mary Ann Wilson, who passed away on July 17th, was laid to rest on Saturday afternoon in Victoria. Rev. Canon Chadwick officiating. Interment was made in the family plot at Ross Bay Cemetery.

The late Mrs. Wilson was 69 years of age and was born in Japan, but had been a resident of this country for 53 years. She was the widow of the late A. E. Wilson.

The deceased was a well known resident of Sidney for many years, having left here about nine years ago to reside in Victoria. The Wilsons were property owners here and resided in the home purchased by A. M. Harvey on Fourth Street, which was last year destroyed by fire. Mrs. Wilson was highly respected by all who knew her and will be missed by her friends.

NATIVE DAUGHTER PASSES

Funeral service for the late Mrs. Edith Winifred Brooks, Stelly's Cross Road, Saanichton, who passed away on July 18th, was held on Saturday afternoon at 2 o'clock at the United Church, Saanichton, Rev. Thos. Keyworth officiating. The church was filled to the doors by residents who gathered to pay their last respects and many beautiful floral tributes covered the casket.

The following acted as pallbearers: L. Hagan, R. Suggett, John Halden, John Thompson, S. Sidwell and Reeve William Crouch and the remains were laid to rest in the family plot at Shady Creek Cemetery.

The deceased, who was 51 years of age, was born in Saanichton and had been a resident there all her life.

Besides her husband, Mr. J. L. Brooks, she is survived by four sons, John, Ernie, Stewart, and Walter, James and Thomas, at home; two daughters, Mrs. J. White, of James Bay, B.C., and Mrs. Emma Stark, Vancouver; five sisters, Mrs. J. W. Michell, Sa-

A Few Words to You About the C.N.R.

During 1934 the average number of persons employed by Canadian National Railways was 73,774, and the wages paid them came to almost one hundred million dollars. This represented, both as to number employed and amount of payroll, an advance over 1933, and practically the whole increase in personnel was due to re-employment of those whose services had previously been dispensed with owing to lack of business.

The average mileage of road operated in 1934 was 23,676 miles, making Canadian National Railways the largest single railway system in the Western Hemisphere.

In 1934 the total freight tonnage handled by Canadian National Railways amounted to 44,719,477 tons, an increase of eighteen per cent over the previous year. The average haul of freight was 326 miles. The value of this freight is not ascertainable, but it must run into many hundred millions of dollars, and, comprising all kinds of necessities and luxuries, contributed to the welfare and happiness of every man, woman and child in the Dominion.

Canadian National Railways, Ltd. Total revenue from passengers during 1934. This was also an increase over 1933. These paid in fares \$16,331,299, or an average of \$1.62 per passenger with an average journey of seventy-one and three-quarter miles.

These figures, without embellishment or amplification, show the vastness of the public services rendered by Canadian National Railways. The system is conducted on as economical a scale as is consistent with the highest standards of railway operation. The improvement in business in 1934 over the previous year enabled more people to be employed, more wages to be paid, more service to be rendered. Also, more money was available to be spent among Canadian producers and Canadian merchants.

A continuation of this improvement in our business will carry on and enlarge these good results... the whole country will benefit. This year Canadian National Railways is co-operating in an extensive way in the national movement to diminish unemployment and to restore industrial activity... to help banish the depression and bring better times for everyone.

Canadian National Railways feels justified in asking for your co-operation. A greater use by Canadian citizens of the facilities offered by this system in transportation, express, telegraphs, hotels will materially help not only us, but all Canada... and you will receive full value for every dollar spent.

During the present Summer season the C.N.R. is providing special fares and excursions between points throughout Canada. These are exceptional travel bargains. The nearest C.N.R. agent will be glad to give full particulars.
